Date and Time Products Delivered to Incident: 8/17/2016 @ 0700 MDT		Digital files sent to: NIFC FTP: http://ftp.nifc.gov/incident_specific_data/rocky_mtn/2016/Broadway/IR/20160817/	
Comments /notes on tonight's mission and this interpretation: A total of 74 acres of fire were mapped on the Broadway fire, which is located southwest of the Broadway Mine. All mapped fire is west of the East Fork of Encampment River, and is east of the Rim Road. Four small pockets of intense heat were mapped in the SE corner of the fire, otherwise the fire is primarily scattered heat. A total of 4 heat sources were identified outside the main perimeter, the largest of which is less than one acre.
